

APPENDIX T

JUNIPERO SERRA HIGH SCHOOL Computer Access Release Form

There are multiple computers in Junipero Serra High School's library/media center, computer lab and classrooms available for student use in both instructional and less supervised settings. Some of these computers have access to a wide range of educational materials by means of computer networks or online services. As the parent/guardian(s) of the student listed below, I understand and accept that the school staff cannot individually monitor all of the information that my student is able to access, download or transmit at these computers. I also accept that it is impossible for the school staff to completely prevent access to inappropriate or controversial materials.

My student and I have discussed this topic, read the acceptable use policies in the Student-Parent Handbook, and understand that the accessing, saving or distribution of any inappropriate or controversial materials will not be tolerated. The accessing, saving or distribution of such material may result in my student's loss of computer use at school and may also result in other disciplinary action by the school in accord with the policies and procedures contained in the Student Parent Handbook.

Please complete and sign this form and return it to Serra High School Vice Principal by the second Friday of the school year.

_____ I give permission to my son/daughter to use the computer to access network or online services.

_____ I do not give permission to my son/daughter to use the computer to access network or online services. Since the school cannot always prevent student access to such services, I have directed my son/daughter not to access network or online services.

_____ For identified medical/health reason; I have instructed my son/daughter to NOT use a computer for more than _____ hours per school day.

I release and hold the teachers, staff members, Serra High School, and the Archdiocese of Los Angeles harmless and not legally liable for the use of computers or for materials distributed to or acquired from the school's computers.
